

**Design a dream  
video.**

**Hello I've got  
an interesting  
question: what  
do dreams look  
like? How do**

you represent  
dreams on  
stage?

PaddleBoat has  
a few ideas  
that we are  
going to show  
you. Maybe at

home you can  
try out the  
same ideas or  
maybe you have  
your own ideas  
that you can  
try. It would  
be fantastic if

you could send  
us your ideas.

We're so  
excited to see  
them.

PaddleBoat's  
dream idea  
number One...

Maybe you can  
catch dreams  
and put them in  
jars. And  
maybe

**different  
dreams are  
different  
colours.**

**We're going to  
show you how  
we made dream**

idea number  
one.

PaddleBoat's  
dream idea  
number two...

Maybe dreams  
travel, maybe

they move  
around. We'll  
show you how  
we made idea  
number two.

PaddleBoat  
dream idea  
number three...

Maybe dreams  
are fluffy, like  
a cloud. Maybe  
they're be soft  
to touch and

maybe you can  
hold them in  
your hands.

These are  
PaddleBoat's  
three ideas but  
maybe you have

different  
ideas, your own  
ideas and we  
would love it if  
you can share  
them with us.
