What sort of
dream are you
going to make?

OK so, you've
helped us to
create our
Dream Shop,
and we've had a
think about the
different ways

that dreams
might look... So
now, I think
that the shop is
ready to open.
We just need to
find some

customers to
come and buy a
dream.

I want to
introduce you to
three different

groups of
people, who
maybe want to
come into our
shop and buy
themselves a
dream.

Christine

My name is
Christine and I
live in a brand
new bungalow in
a tiny village
called Thropton,

which is in
Northumberland

It's a beautiful
part of the
country, and
there's a river

that runs very
nearby, so I get
lots of birds
that come into
the garden,
which is really
super.

I've joined the
local church
which is just up
the road, and
have made loads
of new friends

who have been
very supportive.

Laura

Hi, my name's
Laura. I'm 36

and I live in
Exeter. This is
Fern, one of my
two little dogs.

So I'm a
CrossFit coach.

This time of
year I would
normally be
doing loads of
competitions,
but obviously I

can't do that at
the moment.

I'm really
missing
competing,
seeing my

friends, and just
going out and
about and doing
normal things.

But I've been
doing lots of dog

walks and trying
to keep fit at
home.

and they want
to buy a dream.

But what dream
are you going to
give them?

A dream that
makes them feel
happy or sad?

A dream that
makes them feel
confident, or
excited, or
scared, or...

You're the boss.

It's your choice.

Choose

Christine, Laura,

or any of the

Lappin-Cook

Family, listen to
what they say or

that when they
close their eyes
at night, they
get the best
dream in the
entire world.
